# Dr. John MERLIN

**A complete food formulated for all types of ferret.**

- Rich in chicken with rice.
- 37.5% protein and 20% oils & fats.
- With a blend of linseed & chicken oils, rich sources of omega 6 & 3.

**STATUTORY STATEMENT** Dr. John Merlin is a complete feeding stuff for all types of ferrets.

**DIRECTIONS FOR USE** When feeding **Dr. John Merlin** for the first time it is suggested that you introduce the product gradually over a few days until it replaces all other food.

Follow the daily feeding guide shown overleaf, a typical maintenance amount for an adult ferret is between 40-80g daily although this amount will vary due to body weight, activity and environment.

Always ensure that there is plenty of clean, fresh water available for your ferret to drink.

When this pack is not in use, fold down top and store in a cool dry place.

**COMPOSITION** Poultry (minimum 35% chicken), wheat, chicken fat, chicken liver (minimum 4%), rice (minimum 4%), egg, yeast, potato, linseed, sugar beet, fish, minerals, yucca extract.

Available sizes: 4kg & 10kg
