

Product Information & Features

GILBERTSON & PAGE LTD.

Established in 1873.

Dr. John TITANIUM

A complete food formulated for all sporting & working adult & junior dogs.

- Rich in chicken (18%) with rice.
- 25% protein, 15% oils & fats.
- Featuring New Zealand green-lipped mussel, a natural source of glucosamine

STATUTORY STATEMENT

Dr. John Titanium is a complete feeding stuff specifically for sporting & working adult & junior dogs.

DIRECTIONS FOR USE

Dr. John Titanium is a complete food suitable for dogs over 4 months of age. **Dr. John Titanium** can be fed dry, or moistened to the consistency that your dog prefers. When feeding for the first time it is suggested that you introduce the food gradually over a few days until it replaces all other dog food. An individual dog's requirements vary and may differ from the suggested daily feeding guide overleaf. Active dogs may have greater requirements than those listed in the table and pregnant and lactating bitches may require up to three times the amount indicated.

Always feed to condition adjusting the amount fed to meet the individual dog's needs, dependent upon circumstances and to maintain the desired body weight. Always ensure that fresh drinking water is readily available at all times.

COMPOSITION

Cereals (minimum 4% rice), meat and animal derivatives (minimum 18% chicken), oils and fats, milk and milk derivatives, yeasts, mixed herbs (450 mg/kg), minerals, molluscs and crustaceans (50 mg/kg).
