# GILPA Slimline

- A complete food for overweight & slimming dogs.
- With fish, rice & vegetables.
- 21% protein, 5% oils & fats - only 295 kcal/100g.

## STATUTORY STATEMENT

**Gilpa Slimline is a complete pet food for all adult dogs with a tendency to be overweight.**

## DIRECTIONS FOR USE

**Gilpa Slimline** can be fed dry, or moistened to the consistency that your dog prefers. When feeding for the first time it is suggested that you introduce the food gradually over a few days until it replaces all other dog food. An individual dog's requirements vary and may differ from the suggested daily feeding guide overleaf.

Feed to maintain a small but steady weight loss each week. This should be in the order of 1-3% of body weight each week. Do not try to reduce the weight of your dog too quickly. Once the target weight for your dog has been achieved feed to condition so that body weight is maintained at the target and the dog has an outward fit not fat image.

Always ensure that fresh drinking water is readily available at all times. This product does not require additional supplements other than water. Remember snacks and treats all contribute to daily calorie intake. This product is NOT suitable for puppies, pregnant or lactating bitches.

If your dog is undergoing veterinary treatment always consult your veterinary surgeon before feeding this diet.

## COMPOSITION

Rice (minimum 4%), wheatfeed, wheat, soya, maize gluten, maize, fish (minimum 4%), yeast, carrots (minimum 4%), flaxseed, charcoal, vitamins and minerals, fructo-oligosaccharides (FOS), conjugated linoleic acid (CLA), yucca extract.
