

Product Information & Features

GILBERTSON & PAGE LTD.

Established in 1873.

HERITAGE

GROWTH

- Rich in naturally preserved chicken.
- 27% protein and 15% oils & fats.
- A joint and bone complex of New Zealand green-lipped mussel extract (a natural source of glucosamine and chondroitin), ayurvedic herbs and orthosilicic acid.
- With balanced omega 6:3 for healthy skin and coat.
- Vitamin A, D & E at optimum levels for immune support.

STATUTORY STATEMENT Heritage Growth is a complete food for sporting & working dogs as pregnant, nursing mothers, puppies & junior dogs.

DIRECTIONS FOR USE During breeding, **Heritage Growth** can be fed dry either ad lib or in frequent small meals to the breeding bitch from mating through to the end of lactation. **Heritage Growth** can be fed dry, or you can moisten it with warm water or gravy to bring out the flavour. If changing your dog(s) diet to **Heritage Growth**, introduce it gradually over a few days until it replaces all other dog food. At weaning, **Heritage Growth** can be introduced to your puppies gradually first as a porridge (leave one part **Heritage Growth** and three parts warm water to soak before blending to a porridge consistency). Offer small amounts 4-6 times per day for periods of 15-20 minutes. If the puppies empty the bowl, increase the feed by a small amount until weaning is complete. Post weaning, follow the daily feeding guide overleaf, (showing the total amount to feed each day) in 4-6 meals (as puppies) and 3-4 meals (as junior dogs) in either dry or moistened form until growth is complete. Please ensure that there is plenty of clean, fresh water available for your dog(s) and puppies to drink.

COMPOSITION Poultry (minimum 32.5% chicken), whole grain wheat, whole grain barley, whole grain maize, chicken fat, yeast, sugar beet, whole dried egg, whey, vitamins and minerals, linseed, prebiotic (FOS), mixed herbs (450 mg/kg), extract of New Zealand green-lipped mussel (50 mg/kg), yucca extract, choline stabilised orthosilicic acid (500 µg/kg).

Available Sizes: 2kg & 15kg

ANALYTICAL CONSTITUENTS	AMOUNT
Crude Protein	27%
Crude Oils & Fats	15%
Crude Fibres	2.7%
Crude Ash	6.5%

ADDITIVES	AMOUNT
Vitamin A	12,500 iu/kg
Vitamin D3	1,250 iu/kg
Vitamin E	110 mg/kg
Copper (as Copper Sulphate Pentahydrate)	40 mg/kg
Iron (as Iron Sulphate Monohydrate)	267 mg/kg
Iodine (as Calcium Iodate Anhydrous)	3.1 mg/kg
Manganese (as Manganese Sulphate Monohydrate)	145 mg/kg
Zinc (as Zinc Sulphate Monohydrate)	377 mg/kg
Zinc (as Zinc Chelate of Amino Acid Hydrate)	90 mg/kg
Selenium (as Sodium Selenite)	4.45 mg/kg
Antioxidants	

SUGGESTED DAILY FEEDING GUIDE
